Tennis Tournament of the Bachelors' Club.

The tennis tournament which is being held upon the courts of the Bachelors' Lawn Tennis Club, on M street between 17th street and Connecticut avenue northwest, will doubtless be resumed this afternoon at 4:30 o'clock. The attendants started this morning early to roll all of the courts, and they hope that by the time play is called in the afternoon they will be in fine condition. The rain of the past two days rendered the courts entirely too heavy for play, but as the downfall has apparently ceased the attendants hope to have the ourts all right.

courts all right.

The matches that will be called this afternoon will be between C. R. Wilson and Sheridan, J. Miller Kenyon (the president of the club) and Gower, Wallace Donald McLean and Swenarton, and Spencer Gordon and Fleming Newbold. Sheridan has shown up well in his playing in the present tournament, and many expect that before it is ended he will make a still better showit is ended he will make a still better show-ing. Spencer Gordon and Fleming Newbold have both done good work, and the match between them will also be looked forward to with interest. If the weather continues fine, it is more than probable that a large gallery will be in attendance to witness the playing of the matches.

RETURN OF CYCLIST KRAMER. American Champion Won 17 Out of 20 Races in Europe.

NEW YORK, July 14.-Frank L. Kramer, the American cycle champion, has arrived from Europe. During his absence abroad he won seventeen out of twenty races, including the Grand Prix de Paris, which is of more importance to cyclists than the world's championship. Kramer's most cherished possession is the trophy presented to him by the president of France after winning the big race. It was expected that he would be beaten in this event, as it was supposed that he had gone stale, but he demonstrated his superiority over the other contestants. He not only won easily, but rods the last 100 meters of the race in 0.05 2-5, which is the fastest 100 meters ever made by Mormo, the French rider.

Kramer defeated all the best riders in Europe, and is \$10,000 richer than when he

started from this side three months ago. He rode in France. England, Holland, Germany, Italy and Belgium. It was in the latter country that he covered himself with glory. He rode three match races and won all three, not losing a heat. In the first race he defeated Schilling of Germany and Friol of France; the second was also a three-cornered contest, Farley of Australia and Rutt of Germany being the other contest-ants. The third and last event was the most important. He was opposed by Meyer of Germany, the European champion, who had previously beaten him, in the only match race he lost on the other side. The match was best two heats in three, and Kramer won in two straight heats by over

length in each event. The American champion speaks in the highest terms of his reception abroad, and says he hopes to repeat the visit next year. He will remain home all summer and de-

JAMES SMITH DEAD.

Well-Known "Ped" and Trainer Passes Away, Aged 67 Years.

SHENANDOAH, July 14.-James Smith, who came to America in 1868 from England with George Topley, the champion walker of England, is dead. In the same year he beat Topley in a walking match in Pottsville. He also trained Jem Mace, champion neavy-weight boxer of the world, at New Orleans, and Patrick Fitzgerald, the champion six-day go-as-you-please walker of the world, in all of his races. In July, 1868, he took part in the 100-mile tournament at Trenton, N. J., and beat the world's record, which was 100 miles in 18 hours and 36 min-utes. He also defeated Daniel O'Leary and eight others in the great 50-mile walking contest in Chicago, November 6, 1878, which race was for the benefit of the House of the Good Shepherd. He was presented with a handsome gold badge at this contest and

prized it very highly. In 1874 and 1875 he traveled with Barnum's circus as the greatest walker on earth, and Barnum had a standing offer of \$10,000 that he could beat any man walking in the world. He held the championship from 1868 to 1880. He came to Shenandoah

PROFESSIONAL GOLFERS.

Caddy Graduate Led a Field of Fifty-

For the first time in the history of golf in the United States a professional tournament was begun yesterday on a public links. Fifty-two of the most prominent professional golfers of the Alleghanies started in this tournament over the Van Cortlandt Park links, New York, and fifty of these turned in cards for a double tourney of the entire course. When play began in the morning there was a fairly large gathering of spectators on the course, but a heavy rainstorm soon dispersed the onookers. The links were deluged and made so soggy that low scores were not looked

The feature of the morning round was the excellent work done by Martin O'Loughlin, a seventeen-year-old boy, who learned the game as a caddy at Plainfield, N. J. He negotiated the course in 78 strokes, and during his tour a heavy rainstorm was in evidence. In the afternoon, however, O'Loughlin fell behind his morning read by four strokes.

INTERNATIONAL CHESS.

Janowski and Maroczy Now Tie for First Place.

The chess masters engaged in the international tournament at Ostend, Belgium yesterday began the twenty-second round of the competition. Maroczy won from Wolf, again taking the lead, with a total of 151/2 points to his credit. Blackburne defeated Leonhardt.

The afternoon session gave these results: Janowski won from Marshall and the games between Marco and Tarrasch, Tschigorin and Schiechter, Taubenhaus and Teichmann and Burn and Alapin were At the close of play Janowski and Mar-oczy were tied for first place.

Collegians, at Inlet Park yesterday afternoon. The locals won out and rather easily. From the start it was apparent that the grounds and the sun's glare had taken the measure of the men of the west, and Capt. Melcher's men, aided very much by Whitey Schoenhut's pitching, did the rest. There was a lively mix-up in the third inning that for a time threatened a freefor-all among the players. Shortstop Price of the visitors hit a high fly to Reynolds at first and ran hard for the bag. The ball was blowing toward the base line and as it landed in Reynolds' glove he (Reynolds) was right on the line. Price kept right to the line, however, and banged into Rey-nolds, who was knocked out for some time.

When the game was resumed Umpire Mehrer ordered Price from the game. There was considerable feeling exhibited over the incident. The game was scrappy all through. Pittsburg could do nothing with Schoenhut, while Schultz was hit rather freely at times and was poorly supported. From their gait, however, it is probable that the visitors will get going better today and a lively session is promised. There were a number of clever plays by both teams.

BASE BALL NOTES.

At Chicago today. Jack Townsend will probably pitch for the Nationals and Smith for Chicago. Adams, who made his debut yesterday with the Nationals is from the Texas League. He was fairly effective at times. President Ban Johnson again witnessed the contests, and again the Nationals lost, as they have done every time he has been present at their games this season. Hickman connected safely three times in

Jones and Hickman played sensational ball in the field. Jack Doyle again made his appearance in the American League yesterday when he covered first base in place of Chase, for New York, who was hit in the eye with a batted ball while practicing. Doyle muffed

Schaffey of the Sacramento, Cal., League made a triple play unassisted recently at Seattle. Hall was on second base and Walters at first. Klemer, the batsman, rapped out a liner that looked to be safe, but which Schaffey caught. He touched second base before Hall could get back, and then chased Walters, who had come down the line, and tagged him before he could get back to first. Sir John Quick is a native of Trevessa, near St. Ives, Cornwall, where he was born on April 14, 1852. He is a descendant of an old-established family of landed proprietors in the great southwestern country; but the family migrated to the gold fields in 1854, where the father died of

colonial fever two years afterward.

As a boy Sir John worked in the mines as a driver, a whipper and a stamp feeder, and while he earned a living by hard toil of twelve or fourteen hours a day, he spent every moment of his private time reading, studying, learning Latin, Greek and short-hand, and otherwise qualifying himself for higher things. He learned typesetting and became a junior reporter, and rose in the ranks of journalism until he secured a place on the staff of the Melbourne Age.
